Join us to learn about the U.S. Geological Survey's (USGS) new [Compound Flood Hazard Assessment Mapper](#).

**Thursday, June 11, 2026**  
**11:00 AM - 12:00 PM**

During this virtual webinar, geared towards municipal staff, state agencies, and other partners, you will learn how USGS developed this new tool and how to utilize it in planning and decision-making.

*This webinar is hosted by New York Sea Grant, Connecticut Sea Grant, and the U.S. Geological Survey, with funding from Long Island Sound Partnership. For questions or more information, email [Kathleen Fallon](mailto:Kathleen.Fallon@usgs.gov).*
